sonnax® PERFORMANCE

HIGH PERFORMANCE **TRANSMISSION** PARTS

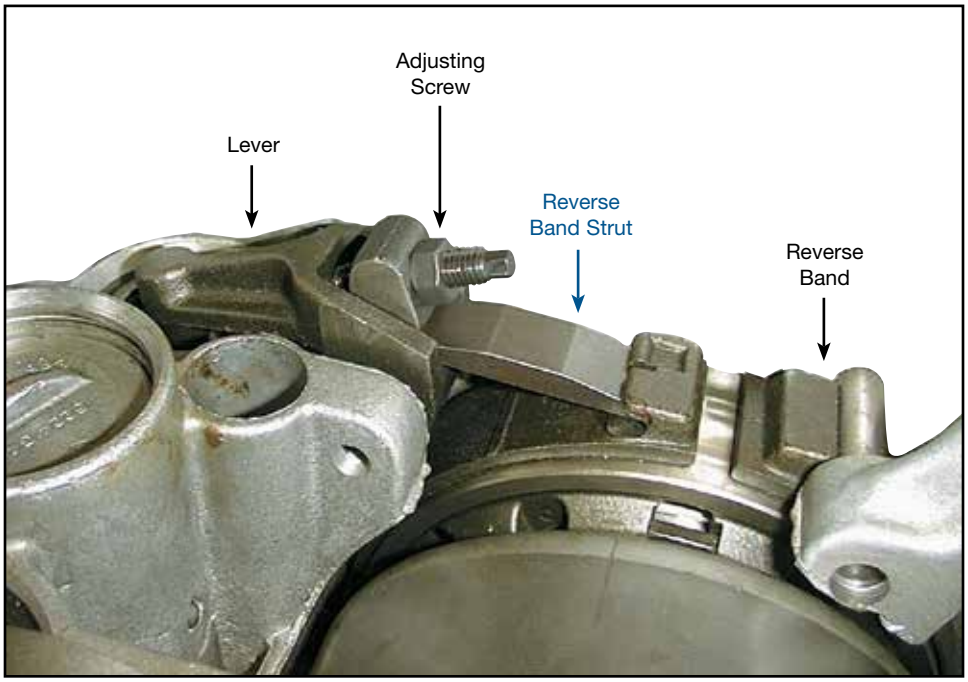
Instructions

Chrysler A404, A413, A470, A670

Reverse Band Strut

Part No.
32710-01

NOTE: Heavy duty.



1. Disassembly

a. Remove oil pan and valve body, exposing the inside of transmission case.

b. Remove adjusting screw from reverse band lever.

c. Remove OE strut and discard.

2. Installation & Assembly

a. Insert Sonnax strut with the notched end fitting into the notch on the band and the flat length facing the band.

b. Replace OE adjusting screw and set according to the manufacturer's specifications.
