

TCC Solenoid Snout Kit

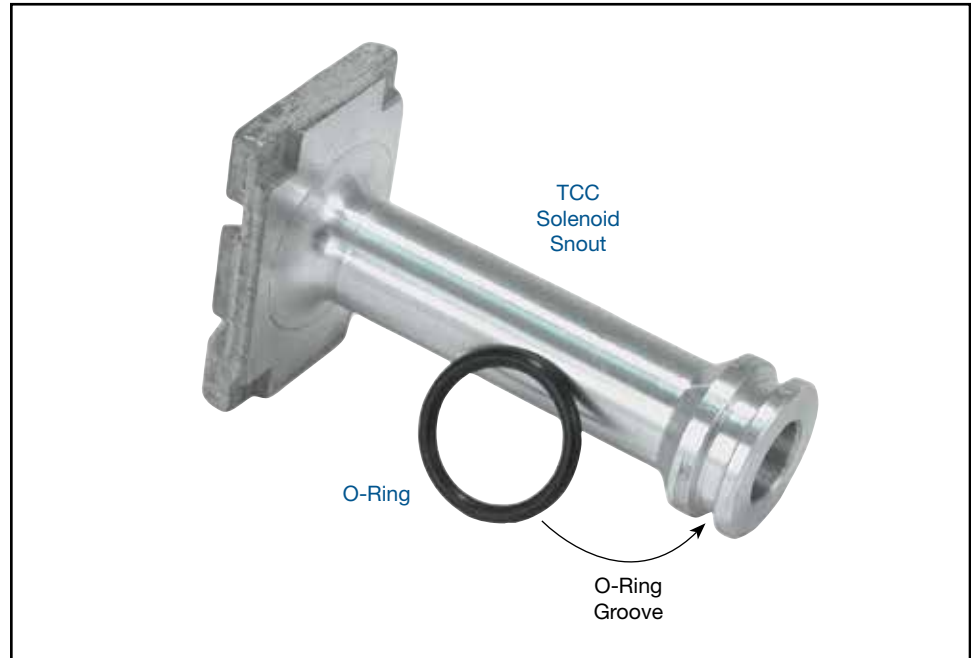

Part No.

77942-01K

- TCC Solenoid Snout
- O-Ring

NOTE: Fits '96-earlier.

GM 4L60, 4L60-E

1. Disassembly

- Remove plastic OE solenoid snout by unbending the four bracket tabs that secure it.
- Discard plastic snout and keep OE steel plunger valve for reuse.

2. Installation & Assembly

- Install Sonnax O-ring in groove of Sonnax TCC solenoid snout.
- Place Sonnax solenoid snout on OE solenoid base and bend the four bracket tabs back into place to secure.
