

Heavy Duty Intermediate Shaft

Part No.
22171B-HD

Patent No. 6,875,111

47RE, 47RH, 48RE

1. Follow established OEM service information to appropriate OE intermediate shaft selective spacer.
2. Install Sonnax intermediate shaft with pre-assembled spiral ring (**Figure 1**).
3. Place OE selective spacer over Sonnax spiral ring on intermediate shaft (**Figure 2**).
4. Install shaft using normal assembly procedures.
