

**Low/Reverse
Retaining Ring**

**Part No.
36885**

Ford 5R110W (Torqshift)

1. Disassembly

Remove and discard the OE low/reverse retaining ring.

2. Installation & Assembly

Install the Sonnax retaining ring so that ring ends are in the gaps between the lugs at the 12 O'clock position at the top of the case (see illustration).
