

# Sonnax<sup>®</sup> PERFORMANCE

**faster** **tougher** **stronger**

## BUILD THE **KILLER** 4L60/E

Don't risk throwing products from different manufacturers into the same tranny when there's no guarantee they're all going to play nice. Installing Sonnax parts designed to work together is the BEST and SAFEST way to upgrade a transmission.

Key upgrades for different build levels are below. Visit [www.sonnax.com](http://www.sonnax.com) for product details and a complete listing of 200+ components for top-quality 4L60/E repairs and upgrades.

## HD PICKUP BUILDS

### OPTION A

Line Pressure Booster Kit  
Choose 4L60E-LB1 or 4L60E-LB2

SmartShell<sup>®</sup> Heavy Duty  
Reaction Shell Kit 77749-02K

Rear Stator Support Bushing  
77002BT-01

4<sup>th</sup> Gear Super Hold Dual Servo Kit  
77767K

Heavy Duty 2-3 Shift Valve  
77754-41

### OPTION B

Performance Pack  
HP-4L60E-01

SmartShell<sup>®</sup> Heavy Duty  
Reaction Shell Kit 77749-02K

Heavy Duty 3-4 Clutch  
Backing Plate Kit 74140-01K

Rear Stator Support Bushing  
77002BT-01

4<sup>th</sup> Gear Super Hold Dual Servo Kit  
77767K

Heavy Duty 2-3 Shift Valve  
77754-41

**OPTION A** Quick upgrades for big performance without a big price tag.

**OPTION B** Best parts for heavy-duty recalibration and durability.

## PERFORMANCE BUILDS

### LEVEL 1

For lightly modified performance/enthusiast vehicles.

#### OPTION A

Line Pressure Booster Kit  
Choose 4L60E-LB1, 4L60E-LB2 or 700R4-LB1

4<sup>th</sup> Gear Super Hold Dual Servo Kit  
77767K

2<sup>nd</sup> Gear Super Hold Servo Kit 77911-03K  
2<sup>nd</sup> Gear "Corvette" Ratio Kit 77701-04K

Choose 2<sup>nd</sup>  
Gear Servo

#### OPTION B

Performance Pack  
HP-4L60E-01

SmartShell<sup>®</sup> HD Reaction Shell Kit  
77749-02K

Heavy Duty 3-4 Clutch  
Backing Plate Kit 74140-01K

Rear Stator Support Bushing  
77002BT-01

**OPTION A** Upgrades for performance recalibration and durability, no trans removal required. Most change in shift feel comes from the servos.

**OPTION B** Best parts for performance recalibration and durability. Most change in shift feel comes from the Performance Pack.

### LEVEL 2

For moderately modified performance vehicles (up to 450HP).

Performance Pack  
HP-4L60E-01

SmartShell<sup>®</sup> Heavy Duty  
Reaction Shell Kit 77749-02K

Rear Stator Support Bushing  
77002BT-01

Heavy Duty 2-3 Shift Valve  
77754-41

4<sup>th</sup> Gear Super Hold Dual Servo Kit  
77767K

2<sup>nd</sup> Gear "Corvette" Ratio Servo Kit  
77701-04K

Kevlar<sup>®</sup> Extra Wide  
Intermediate Band 77700-01K

Input Drum Reinforcement Kit  
77733-51KA

Heavy Duty 3-4 Clutch  
Backing Plate Kit 74140-01K

### LEVEL 3

For all extreme performance applications (above 450HP).

Performance Pack  
HP-4L60E-01

SmartShell<sup>®</sup> Heavy Duty  
Reaction Shell Kit 77749-02K

Heavy Duty 2-3 Shift Valve  
77754-41

4<sup>th</sup> Gear Super Hold Dual Servo Kit  
77767K

2<sup>nd</sup> Gear Super Hold Servo Kit  
77911-03K

Kevlar<sup>®</sup> Extra Wide  
Intermediate Band 77700-01K

Smart-Tech<sup>®</sup> Input Housing  
& Heavy Duty Input Shaft Kit  
Choose 77733-10K, 77733-11K or 77733-12K

4WD/AWD Heavy Duty Output Shaft  
74678S-HD

2WD & Corvette Heavy Duty Output Shaft 74678L-HD

Choose  
Output Shaft

Heavy Duty Reaction Shaft Kit  
74602-01K

2.84 Input Carrier Kit  
77284-K
